

Fuji Electric Power & Distribution Transformers

History

Fuji Electric (T&D Business)

- 1923 Established Fuji Electric Manufacturing Co., Ltd. 
- 1962 Started operations of Chiba factory (transformers and switchgear)
- 1968 Started operations of Kobe factory (switchboards) Delivered the first 525kV transformer
- 1971 Started manufacturing rectifier transformer units
- 1974 Started manufacturing cast resin transformers
- 1984 Changed company name and logo to Fuji Electric Co., Ltd. 
- 1985 Delivered the first 800kV transformer
- 1990 Delivered the first 1,100MVA transformer
- 1996 Delivered the first 300kV Gas Insulated Switchgear
- 2002 Introduced new company symbol mark 
- 2009 Delivered the first 1,750V DC, 87.5kA power supply equipment

TUSCO

- 1981 Founded Tusco Group Established Theparak Supply Shop 
- 1982 Start Manufacturing of Low Voltage & Midium Voltage Switchboards
- 1984 Founded Theparak Transformer Co., Ltd.
- 1990 Founded Thai Union Switchboard Co., Ltd.
- 1996 Established Tusco Trafo Co., Ltd. and Thai Corrugate Co., Ltd. Technical Assignment and Manufacturing Contract for switchboards with Fuji Electric Co., Ltd.
- 2007 Production lines of power transformers were increased
- 2012 Grand opening of new transformer factory

2013

  **Fuji Tusco Co., Ltd.**

Distribution Transformer, Hermetically Sealed with Nitrogen Gas Filled Type, Less Flammable Fluid

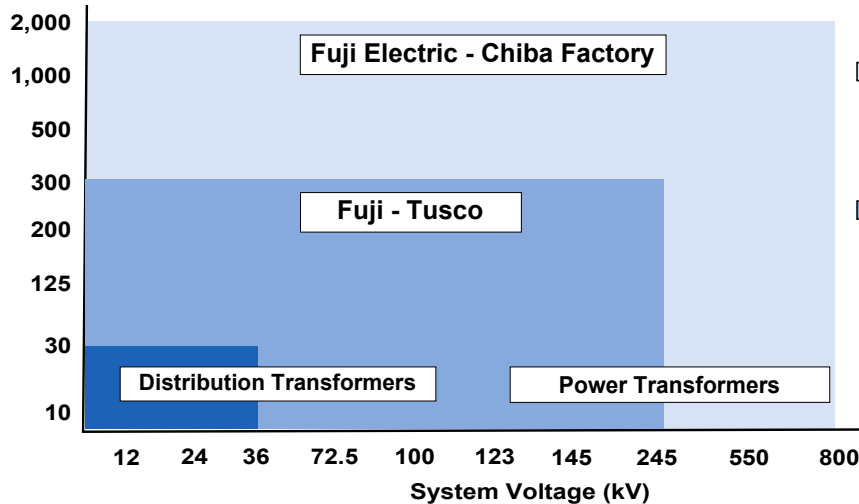

Power Transformer

Distribution Transformer, Conventional and Completely Self Protected (CSP) Type

Capacity (MVA)

-  Fuji Electric - Chiba Factory
Up to 2,000MVA, 800kV
Distribution Transformers and Power Transformers
-  Fuji - Tusco
Up to 30MVA, 36kV
Distribution Transformers
Up to 300MVA, 245kV
Power Transformers

Company Location

Shanghai Fuji Electric Transformer
(Cast Resin Transformers)

Fuji Electric Chiba Factory
(Power Transformers,
Power Conversion Systems,
Cast Resin Transformers)

Fuji Tusco
(Power and Distribution Transformers)
